

INDICATORS OF

CHILD SEXUAL ABUSE

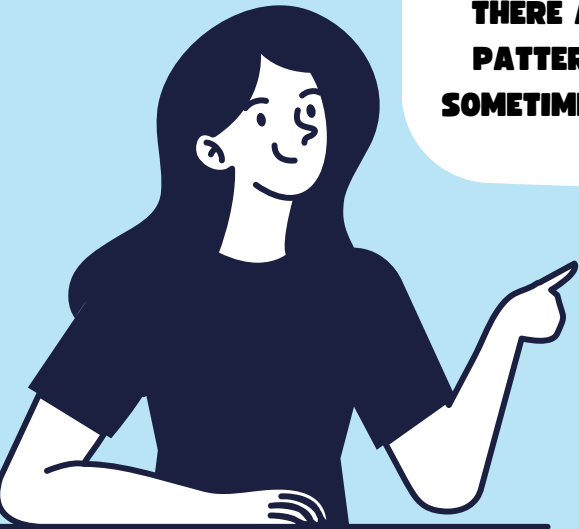

ARE YOU OBSERVING ANY CHANGES IN YOUR CHILD'S BEHAVIOR OR ATTITUDE AT THIS TIME?

YES, TEACHER. SHE HAS BEEN EXHIBITING SIGNIFICANT CHANGES IN HER BEHAVIOR OVER THE PAST FEW DAYS. SHE EXPERIENCES MOOD SWINGS.

SHE IS IRRITABLE, FEARFUL, AND LONELY THERE ARE CHANGES IN HER SLEEP PATTERNS, SUCH AS NIGHTMARES. SOMETIMES SHE EXHIBITS AGGRESSIVE BEHAVIOUR.

DOES SHE EXPERIENCE ANY PHYSICAL PROBLEMS?

YES, TEACHER, SHE EXPRESSES UNEXPLAINED PAIN AND DISCOMFORT IN HER GENITAL AREA.

I WAS OBSERVING YOUR CHILD FROM FEW DAYS IN CLASS AND I NOTICED LACK OF FOCUS IN HER. WHEN I SPOKE WITH HER, SHE SEEMED TO BE AFRAID OF CERTAIN INDIVIDUALS, AND SHE LATER REVEALED THAT SHE HAD EXPERIENCED SEXUAL ABUSE DURING A COUNSELING SESSION

**OKAY, TEACHER. THANK YOU.
